Manufactured in our own factories in Taiwan and Vietnam.

Needless to say that we only produce top quality premium trampolines that meet the highest standards possible!!!
We are not producing the cheap and low quality trampolines and understand that we selling toys for children.

Safety is our #1 Priority

Attached you will find more beautiful pictures, prices and specifications of our new Happy Bounce™ trampoline.

Why Buying a Happy Bounce™ trampoline from TE Avyna:

- High quality Taiwan steel - galvanised in & out
- The trampoline top frame is bending by fixed mould, this will give always a 100% good radius!
- Clean all weldings by sand blasting & all tubings are washed and cleaned from dirt and oil
- All welded parts are treated with a high quality zinc coating
- Our own manufactured springs made from galvanised steel. They will never rust !!
- All springs are heated up to 160 degrees to get more strength and durability!
- Each spring fitted with red top protection to cover sharp objects! (to prevent injury)
- Jumping beds are cut one by one to get the perfect diameter for excellent proportions!
- **Patented** black D-rings with 1.8mm galvanized steel inside! (strong and will not rust)
- **Patented** D-Rings are stitched 6 times on the jumping bed with all weather resistant thread!
- Our safety pads are stitched AND welded to protect from moisture
- We use closed cell foam inside our safety pads (all weather resistant!!)
- We have 0% of missing parts in our cartons because of the quality control! (we are ISO9001-2000 certified)
- All our products are tested by independent organisations!!
- All trampolines are packed with great care!!
